SUBJECT.

Grant of Vacant Sites of Patnagarippan to the W. Mission for Constructing a Pi School.

For orders

Note

Letter no. 335 dated the 6th novr 1901 from the Presdt of the Surpane City Municipality in regard to the construction of a school building for girls, by the Municipal authorities, in Patnada Ganigarkeri.

Letter no 149 Dy 19.8.01

In August 1901 the President submitted for publication a declaration and statement for acquiring houses and lands in Patnada Ganigarkeri for lessening congestion in the locality, and proposed to meet the cost from the sum of Rs 32,256/- sanctioned for the purpose in Govt Progs: no. 1285-88 / LB Pg 199-201 Dy the 25th July 1864.

2 In Progs: no. 4327-29 / L 783-96 of the 7th September 1901, the President was authorized to

his suggestion regarding adjustment of the cost of acquisition, viz Rs 8000/-, was approved

3. In October 1904, he requested sanction to the sites on which the said houses stood, being made over to the Revd G. W. Sawday for the purpose of erecting a school building thereon, recovering from the Mission authorities half the cost of acquisition. Letter No 282 of 15.10.04.

4. Govt seem to have been aware of this arrangement when passing the said order of the 25th July 1907 (Please see the remarks Column of the statement appended to the order). It had however been observed in para 5

that "Govt would also prefer not to allow any buildings to spring up on sites thus rendered vacant for some years more, and direct that no permission should be granted to build on such land without their previous sanction". The President states that the building, when completed, will be an ornament to ~~the~~ in that important ~~locality~~ locality & submits a sketch showing the elevation of the building.

6. In reply to an enquiry from this office as to whether the Board are agreeable to ~~the~~ alienating the sites in question the President states that as Govt have already pass

orders regarding their disposal, it may not be necessary to obtain the Commissioners' views now in the matter

7. Submitted for orders as to whether the proposed alienation for the erection of a school house may be sanctioned notwithstanding the observation contained in para 5 of Proceedings 1285 88 / LB(P)198 20 The title of houses & near Messrs Shrieves & Co. recently acquired under the Regulation were made over to that Company subject to the condition that no building should be raised thereon.

that there is no objection to the site being granted to the Mission authorities solely for the purpose of building a girls' school and on the distinct understanding that no out-houses or godowns for use as tenements for servants were built on the said site

15 The President submits an extract from the Proceedings of the Municipal Board, and solicits early sanction to the site being made over to Revd Sawday who has agreed to pay Rs 1000/- for it the addl Revd Sawday is anxious to begin the buildings early with a view to complete it before the installation of

Progs No 13313-L dated the 13th Feb. 41-07 February 1902 (serial no 181) directing that the land be made over to the Wesleyan Mission recovering from them Rs 4000/- being half the cost of acquisition of the land and the houses that stood on it, as previously agreed upon by the Board and them. The grant was also made subject to certain conditions as to keeping the locality vacant and constructing the school building according to approved plan.

22 The President now submits an original Revd

Mr Lawday's letter to him and states that he has approved of the Vice-President's action in making over the land (3060 Sq yds) to the Revd Mr Lawday on the understanding that the Government will be moved to recover the cost of the site at one rupee per sq yard. He requests that in view of the reasons stated in Revd Mr Lawday's letter, the arrangement may be sanctioned early to enable him to obtain the required agreement from the parties.

24 The Statement appended to Govt. Pro. No 1285-88 -- & 25 th L B(P) 198-201 July 1901 (Serial No 1) shews that a sum of Rs 4000/- was expected to be realized by the sale of the site to the Wesleyan Mission without any regard to the area thereof, & this amount was evidently promised by the Revd Mr. Saunders to be paid to Govt. Please see para 15 of the note - This being so, it is not understood

how the Vice President could
take upon himself the
responsibility of making
over the land to the Mission for
a reduced price of Rs 3060/
or how the President could
approve of such action
in the face of a clear order
to the contrary.

Secretary to the Govt of Mysore
General & Revenue Department

Sir,

With reference to Government proceedings No. 13313-14 (10) dated 13th February 1902 approving of the recommendation of the Board in regard to the grant of a piece of land in Talwadi Ganigagere for the construction of the Wesleyan mission Girls' school, I have the honor to submit for the consideration of Government a minute of dissent signed by three of the elected Commissioners who refrained from voting when the question of the grant was discussed and none of whom is connected with the Mohalla in which the land granted is situated.

I regret the delay that has occurred in making this reference.

I have the honor to be
Sir,
Your

Pres.

D/R 7/2/02 To

The President
Mysore Municipality
Mysore.

Sir,

As regards the desirability or otherwise of giving away to the Wesleyan Missionaries the vacant sites in the Pattanada Ganigayaru to the East of Sayajee Road, beg to place on record the following dissenting minute for submission to the Government. The site in question is not suited for the location of a Girls' School. It is situated in the centre of a thickly populated part of the city. A School requires a much larger site a little removed from the Continuously part of the city in as much as it is very close to the flesh market and hospital containing a

number of in patients. It is likely that the proposed school will become a High School. Such a School should have a spacious compound to admit of ample accommodation for play-ground &c. To locate the school on such a site is to compel the people attending the school to breathe contaminated air and subject themselves to the risk of infection of Plague and other Epidimics This is not all. The Municipality should by all means be just before being generous. The Municipality has at present no building of its own for holding its office. The office is now held in the Town Hall. It is therefore necessary to have the Municipal as well as the Sanitary office as near each other as possible. Not being so the sites in question are admirably suited for the Municipal as well as Sanitary offices, in that the Sanitary office should be as near the Railway station as possible. On these

grounds We beg that you will move the Government to with sanction to the Resolution come to at the Board at its last meeting. We beg further to represent that our resources being so small, and the requirements of sanitary improvement much beyond our means, we can scarcely afford to give away these sites required & so much cost accruing that we have no local habitation whatever for either the Municipa or the Sawyer office. Should it be considered necessary to build the Municipal offices and Sawyer Hall as near the Railway station as possible, the sites in question might be divided into a number of plots and sold to private individuals for building houses on an approved design, and in spite of this the Government should think fit to give over the sites to the Municipality We beg to propose that it

ntes be sold for the actual
cost incurred in acquiring
them

We beg to remain, Sir,

Servants

Sir,

I have the honor to report that Government on their Proceedings no 1313-14/L.R. 41 01 dated 13th February 1902, -Sanctioned the grant of the vacant site in Patnadagangekere to the Wesleyan Mission for building a school for girls The price to be paid, was provisionally fixed at Rs 4000/-. In the accompanying letter of the Revd G. W Saunday to the Vice President, he urges that for the reasons therein stated he is prepared to pay for lands sold to them at the rate of one rupee per Square yard The accompanying tracing shows the

land reserved for Conservancy and other necessary purposes; and the portion coloured red, the Vice President has this morning made over to Revd Sawday in the presence of Mr Lee. As the School building has soon to be started, I have approved of the Vice President's action in making over the land to Revd Sawday on the understanding that Government will be moved to recover the cost of the Site at one rupee a-Square yard. The School Site measures 3060 Sq yards and the money to be recovered will be Rs 3 6/

I beg that early orders of Government may be obtained to this arrangement and on receipt of formal orders an agreement will be drawn up as required in the Government order above quoted.

To The Vice President

Sir,

I have the honour in connection with my memorial to request you to be kind enough to expedite the settlement of the site in Sayaji Rao Road, so that we may be able to begin to build the Girls' School at once. Otherwise I fear there is no chance of our getting the ground into presentable order before the Installation. I have delayed sending the money for the site as there was a difficulty in fixing the boundaries, and for one or two other reasons, which I will set before you now.

When the proposal was first made to us to take the Site for Rs 4000, particulars of the property were sent to us showing that it measured 4133 Sq. yards. After carefully weighing the matter I agreed to take the site, seeing that it would cost us about one Rupee per square yard, whilst it was understood that the Upstairs house would be available for one of the School staff.

In August last the Vice President asked me if I would take over the site and hand the money. I said I was quite ready to do so if the owner Kundi, sent me a plan showing boundaries and measurements of the site. This was sent on August 26th and showed that the area of 2813 square yards was to be handed over to the Mission, an immediate area of 2013½ Square yards, the balance 799½ Square being the Toddy Shop which was to be handed over as soon as vacated in June. I did not understand the reduction of 1320 feet, but knew that deduction

Sir,

With reference to your No. 4774/41-01 (24) dated 15th July 1902 inviting attention to Government Proceedings No. 13310-41 (15)/1741 01 dated 13th February 1902 and requesting to report why the land in Patnadagamagate was made over to the Mesthri Pressers without recovering half the cost of acquisition of the land and the house that

stood on it, I have the honour to state that as three award cases are even now pending adjudication by the District Judge, it is not possible to exactly determine the cost of acquisition. The vacant land had to be built upon and enclosed before the viceregal visit to Mysore. It was therefore found necessary to put the Wesleyan Mission in possession of the land before recovering half the cost of acquisition. A further reference will be made on the subject later on.
